GOVERNMENT BY COMMISSION

Subject of Interesting Address By W. E. McClintock Before Mer- chants Exchange and Board of Trade.

The members of the Portsmouth Board of Trade and Merchants Exchange, with invited guests, on Thursday evening listened to a very able address on Government by Commission delivered by Mr. W. E. McClintock, chairman of the Chelsea commission.

The meeting was held in Association hall and it was informal, and largely attended. Cigars were lighted and President Gustave Peyser, in an informal manner, introduced the speaker.

Mr. McClintock is an able and interesting talker, not that he is a noted orator, but rather that he is a good talker, who has a faculty of

expressing himself very plainly and interestingly. He talks right to the people, and in an easy and matter-of-fact manner.

He briefly went over the condition that existed in Chelsea after the great fire, which practically destroyed the entire city and of the chaotic condition of everything immediately following the fire.

It was then that the governor of Massachusetts appointed a commission of five men, who were to govern Chelsea for five years, and to Mr. McClintock was entrusted the chairmanship. The other members were all chosen subject to his approval. There were on the board two engi-

neers, one financier, a school master, graduate of Dartmouth and a business man of thirty-five years of experience. The commission started right, as the citizens wanted such a ruling body to bring them out of their ruin, and it was further stipulated that they were not to be necessarily from Chelsea, but any part of the state. Politics did not enter into the appointment and has had no part in the government of the city, excepting the police department, and the city electrician's office had been destroyed, and with this handicap they started with the chiefs of the fire and police departments in charge of their department and responsible for it in every way, the result being that today they have as fine a police and fire department as is found anywhere. In four weeks time they had started the public buildings the city stables and plant, being finished in ninety days, and they were of reinforced concrete, and fire-proof. In a few months there were four hundred buildings under construction, and the increased valuation in the past year was \$3,000,000, and the first of last May they had \$24,000,000 valuation, almost back to its original valuation.

The commission made at the first one agreement, and that was that everything they did was by the unit rule, and while there were differences of opinion, a common ground was

KITTERY LETTER

An Engagement is Announced

Success of Rebekahs' Entertainment

Seasons First Local Lumber Cargo Goes to Boston

Movements of the Men of the Atlantic Shore Line

Kittery, Me., Oct. 15.
Kittery correspondent's telephone 297-5.

There is no school in the Wentworth primary school today.

Mrs. Fred Spinney of Lavo Lane is critically ill with typhoid fever and has been taken to the Cottage hospital in Portsmouth for treatment.

The Maine Odd Fellows' Orphans' Home fund received a substantial contribution as the result of the benefit social given in Odd Fellows' hall Thursday evening under the auspices of York Rebekah Lodge, No. 3. A large number witnessed the fine entertainment which was given by the "Sweet" family, the parts being taken by Mrs. Richard Rogers as "Ma" Sweet, while the members of her family were composed of Miss Mildred Donnell, Miss B. B. Shapleigh, Miss Almena McIntire, Miss Addie Eaton, Mrs. Walter Luntz, Mrs. Edward Hatch, Mrs. Thomas Morrow and Mrs. Leslie Williams. The parts were all well taken and much praise is due to the committee in charge of the program. Following the entertainment ice cream was on sale.

Miss Helen Dunbar will conduct a dancing school in Rochester, N. H., in addition to those here and at York. Miss Margaret B. Jackson will be her accompanist.

Stillman A. Bowden has resumed his duties at the navy yard after enjoying a vacation.

After a quick passage of three days the three masted schooner W. H. and W. L. Truck, Capt. F. T. Haley, arrived this morning from Port Reading, N. J., with a cargo of coal for George D. Boulter.

Harlow L. Paul of Eliot, Traip Academy, '09, is out of doors again after his recent very severe illness.

The Rice Public Library is closed this week and next, during the vacation of the librarian, Miss Eleanor Lovell.

The Rebekah Degree staff will have a drill at 7.30 Saturday evening.

The Ladies' Auxiliary to the Sons of Veterans meet this evening.

J. Langdon Ward and family have closed their summer home at the Intervene and left for New York. Albert Bowden is enjoying a 15

days' vacation from his duties in the navy yard boatshop.

Conductor Edward Gerrish is enjoying a month's vacation from his duties on the Atlantic Shore Line.

Lewis Moulton, who has been serving on the traverse jury at Alfred, has resumed his duties at the navy yard.

The schooner Norton is expected here soon to complete the laying of the extension of the west wing of the quay wall at the navy yard.

The regular monthly meeting of the Kittery Yacht club was held on Thursday evening.

J. Paul Graham has concluded his services as conductor on the Atlantic Shore Line and shortly will leave with his family for Indiana, where he has secured another position.

St. Aspinquid Tribe of Red Men will meet this evening in Grange Hall.

Mrs. Mary Cooper of Kittery Point is attending Mrs. Arthur Littlejohn of Walker street during her illness.

The condition of Miss Ruth Bartlett, who was operated on recently for appendicitis at the Cottage hospital in Portsmouth, continues to improve, to the satisfaction of her many friends.

Mrs. Thomas Jose, who met such an untimely death on Tuesday, and whose burial occurs today in Portsmouth was a former resident of this town and has many friends and relatives on this side of the river who extend sympathy to the ones left to mourn.

Notice

Notice is hereby given that on Monday, Oct. 18, our Kittery agency will be transferred to Mr. R. W. Bunker's store on Government street. Thanking our patrons for past favors we hope, by prompt service, and courteous treatment to merit a continuance of their patronage.

CENTRAL STEAM LAUNDRY,
Portsmouth, N. H.

Kittery Point

Kittery Point correspondent's telephone 297-5.

The engagement of Miss Rose Belle Wilson to Wallace Arthur Hutchins is announced, the marriage to occur in the near future.

Station Agent Frederick H. Royce is passing a few days at his former home in Rockport, and his place is being filled by Arthur C. Gunnison.

The Horace Mitchell school and Eliot High school football teams are expected to play on Saturday.

Mr. and Mrs. John Crofton, who have been visiting Mr. and Mrs. Ernest C. Tobey, have returned to their home in Cambridge, Mass.

Vernie Riley has been called on the navy yard as shipfitter's helper.

A meeting of the Kittery Point fire department was held in Golden Cross hall Thursday evening. Numerous new names were added to the roster.

J. Byron Phillips is enjoying a week's vacation from his duties at the navy yard.

Mrs. William Anderson is visiting relatives in Boston for a few days.

Miss Vira Cooper has been confined to her home by illness.

Mrs. Howard Johnson of Baldwin, Me., formerly of this town, is visiting here.

Miss Cora Seaward, who has been ill, is out of doors again.

Mrs. Ernest B. Grace and daughter Emily are visiting in Boston.

Miss Mildred F. Coes has returned from a two weeks' visit with friends in Malden, Mass.

E. Leroy Tobey is enjoying a vacation from his navy yard duties.

Frank H. Fuller passed Thursday in Boston on business.

Arthur L. Hutchins is passing a few days in Boston.

Mrs. William Mugridge recently had the misfortune to fall and break her wrist.

The barge No. 14 of the Piscataqua Navigation Company came into port Thursday with the first cargo of lumber loaded at York this season. It is consigned to Boston.

Mr. and Mrs. Daniel Fribee have returned from a visit of a few days in Boston.

Edward Standish has been called for duty at the navy yard.

Upon the expiration next month of his enlistment in the United States Marine Corps Levi L. Moore will move his family to his former

FOR BOARD OF PUBLIC WORKS

Possible Candidates for New Board at Coming City Election

Although politics appears very quiet at the present time as far as local matters are concerned, there is something doing all the while in the matter of the board of public works. This is going to be one of the most important features in the next city election when the people will vote for city officials to serve during the year of 1910.

This board, which will consist of three men, will have charge of the streets, parks and water department and will be elected by the votes of the people. Six men will receive the nominations, three on the democratic ticket and the same number on

the republican ticket. Although the election does not occur for two months, the democrats are giving the matter considerable attention, while the leaders of the opposing party are also very active.

The democrats mentioned for such nomination are Clarence H. Paul, John B. Mitchell, John Dowd, former street commissioner William G. Marshall, M. J. Griffin and Harry J. Freeman.

On the republican side the party is talking of ex-mayor Wallace Hackett, Capt. J. A. Sanborn, Sherman T. Newton, William J. Cater, Samuel W. Emery, Jr., John Newick and George W. Pollard.

EVENTS OF ELIOT

Electric Car Service was Interrupted

Out of Town Trips by a Number of Eliot People

Eliot, Me., Oct. 15.

Something like forty people from Eliot, York, Dover and South Berwick were unable to get to their work in Portsmouth or at the navy yard this morning at usual time, there being no car from Dover to Rosemary and Kittery ferry. The wires were down in the vicinity of the South Berwick power station. They were replaced before eight o'clock.

Mrs. Blanche Adams Young of Dover is giving elocution lessons to Eliot high school scholars.

A short distance over the line into South Berwick Herbert Atherton is erecting a new barn.

Mr. and Mrs. Herbert H. Foss and Miss Nettie M. Wentworth spent Thursday at South Berwick Junction, the guests of Alvah Wentworth and wife.

R. W. Willmot is on his vacation from the navy yard.

Dr. J. L. M. Willis was in Springvale one day this week for consultation with a physician there.

There will be a corn social at the Congregational vestry tonight.

Mrs. Richard Dixon of this town and her sister, Mary Jane Dixon of Kittery, have been visiting in Dover.

Selectman Alfred Spinney is reported as holding his own.

Arthur Tobey and family today returned to their home in Stoneham, Mass. They came on account of the death of his father, Edwin F. Tobey. The widow will for the present reside at the homestead at the corner of Main and Greenwood streets.

The selectmen have awarded the Boston Post gold headed cane for the oldest citizen, to William Remick, aged ninety years. Born in Eliot on June 2, 1819, Mr. Remick has always remained a citizen of this town. In early life he followed the sea, shipping on fishing and coasting vessels. Later he was a ship carpenter and worked at that trade for years. He was married June 17, 1840, to Elizabeth Brooks, and to them were born nine children. Since his wife died, in 1875, he remained a widower. Mr. Remick retains the use of all his faculties and is able to read without glasses. His longevity is attributed to an outdoor life and a strong constitution, which he inherited from his mother.

Laid to Rest

The body of George H. Wendell was brought from Salem, Mass., on the 2.10 train this afternoon, and buried in Harmony Grove cemetery under charge of Undertaker H. W. Nickerson. Committal services were conducted by Rev. William P. Stanley.

MR. NUNNS

Talks with Newspaper Man at Alfred

Portland, Me., Oct. 15.—The Press this morning publishes the following:

Alfred, Oct. 15.—Frederick H. Nunn, the proprietor of the New-Falmouth hotel in Portland and of the Appleton house at the Isle of Shoals commenced his 60 day sentence in the Alfred jail this morning and at 7 o'clock after a light breakfast with the other prisoners he went to work in the shops of the prison having been assigned to the making of heels for shoes. He set about his work with a will and when seen by a newspaper man he talked most pleasantly, but said that he felt his position keenly. "I have not asked any favors," said Mr. Nunn, "and I do not intend to. My life while in this place will be the same as that of any of the other prisoners and I shall not ask for any leniency. It is hard, I know, but I do not feel that I am guilty of any crime and do not think that I am a criminal."

"On the spur of the moment I pleaded guilty to the charge of maintaining a nuisance after I had been advised by my lawyer to do so and now I must suffer the consequences. You know that the Appleton is ten miles out to sea and that the only steamboat line running from the mainland is operated by Mr. Kimball and myself, and that there are no passengers traveling on the boats unless they are guests at the hotel. I have not been selling liquor at the hotel and the barrel of beer seized by the deputies and Mr. Pringle was the property of a large party who were coming to the hotel. They had sent the beer in advance as has been the custom at many such outings to hotels in every section of Maine. I did not know that the beer was to come and when told that it had arrived at the house I told of my disapproval. That was the only liquor in the house and was all the deputies seized so I do not feel as though I was guilty of crime."

"I naturally feel the matter keenly but I shall not complain and as I said before I will not ask any favors by the prison authorities. There is one thing I will do, however, and that is I will send my resignation to the several organizations with which I am affiliated. I am an officer of several and I feel as though the other members do not want a jail bird for an officer."

"While Mr. Nunn felt badly he received the reporter cordially and talked most pleasantly about the trial and about the visit of the officers at the hotel. Just before he reported left, Mr. Nunn said that he had not been selling liquor at the Appleton, nor at his hotel in Portland either."

Mrs. Nunn is here today and said that she would probably remain in Alfred while her husband was serving his sentence.

THE WEATHER

Friday night and Saturday.—Clearing weather followed by lower temperature and northerly winds.

FUNERAL OF MRS. WIGGIN

The funeral of Mrs. Alice L. Wiggin was held at one o'clock today in the Christian church at Stratham, conducted by Rev. Mr. Mugridge. Burial was in Stratham cemetery. The funeral director was H. W. Nickerson.

Second Lieutenant John Marston to Boston.

Captain J. T. Buttrick, leave 30 days from Nov. 1.

Captain W. L. Jolly, to command marine detachment, U. S. S. Louisiana, relieving Captain W. P. Pritel; later to Guam, Dec. 4.

Captain F. N. Eslick, charge of recruiting districts of Minnesota, St. Paul.

DOVER DOINGS

Dover, Oct. 15.—Superior court came in at two o'clock Thursday afternoon and the trial of William A. John Marsden and William Daggett charged with breaking and entering the house of William A. Martin on the night of April 10 and stealing \$100 was taken up. The case will probably be finished today.

The P. M. club held the second of its series of dancing parties at Walker hall last evening and the affair was a most pleasurable event. The attendance was large, guests from Portsmouth, Rochester, Concord, Durham and Madbury being present to enjoy the festivities of the evening.

The Dover football team, composed of young men who are residents of this city, is putting in practice every night, a white football being used. The boys, who work daytimes, go through all the stages of the game at night with as much speed in executing plays and handling the ball as if it were broad daylight, and they will have a fast team. Manager Stanley is arranging a schedule of games, most of which will be played here, giving the devotees of the sport a chance to see a game once in a while.

The officers of Mount Washington lodge, U. O. of J. O. L., were installed last evening at Pythian hall, at a meeting which followed a supper served by the lodge.

Costas Arantes, a Greek, was arrested through the complaint of Mrs. Minnie Wilcox, who said that the man had been following her about the streets and waiting for her outside of stores.

AT DARTMOUTH

Thursday's practice of the Dartmouth squad was the most democratic yet, as the coaches have seen this season and they sent the men to the gym in despair.

In the 20 minute scrimmage neither side scored, the freshman team going against the varsity.

Without a single improper line this play has succeeded by reason of its virility, and without appealing to the morbid element that find their greatest theatrical entertainment in off-color plays, "The Third Degree" broke every house record previously established, and even through the leanest season, the worst in all the year in New York, packed and jammed the big Hudson Theatre.

Many of the other houses had closed for this period.

It is more than fitting that the man who wrote "The Lion and the Mouse" should come back and write another play that is even greater than its famous predecessor—"The Third Degree."

Theatrical Topics of the Day.

The Third Degree

The most startling dramatic sensation of the present season and one by the author of that former starter, "The Lion and the Mouse," is "The Third Degree" which, with the same elaborate stage equipment as characterized the former, came to the Music Hall tonight for two nights and Saturday matinee under the management of Henry B. Harris, who also produced "The Lion and the Mouse."

Without a single improper line this play has succeeded by reason of its virility, and without appealing to the morbid element that find their greatest theatrical entertainment in off-color plays, "The Third Degree" broke every house record previously established, and even through the leanest season, the worst in all the year in New York, packed and jammed the big Hudson Theatre.

Without a single improper line this play has succeeded by reason of its virility, and without appealing to the morbid element that find their greatest theatrical entertainment in off-color plays, "The Third Degree" broke every house record previously established, and even through the leanest season, the worst in all the year in New York, packed and jammed the big Hudson Theatre.

Many of the other houses had closed for this period.

It is more than fitting that the man who wrote "The Lion and the Mouse" should come back and write another play that is even greater than its famous predecessor—"The Third Degree."

Helen Grayce

Few stars or attractions have ever visited this city more highly esteemed than Helen Grayce, who at the head of her own company, commences a week's engagement at the Music Hall next Monday.

For three seasons this clever and beautiful actress has won unparelled praise by her well directed efforts in presenting the very latest of the dramatic successes in a satisfactory manner.

Although "In the Palace of the King," F. Marion Crawford's delightful romance, will be given in a most excellent manner, it is not like of being one tempting dramatic novel and letting the remainder of her stay go by default. Each succeeding attraction will be equally as notable.

No more pleasing plays than "The Toast of the Town" and "The House of a Thousand Candles" could have been selected, while "The Devil," "The Pit" and "In the Bishop's Car-

riage" are among the greatest of the late successes.

Miss Grayce has taken special pains in the selection of her company and the various players are of a class never before identified with an organization appearing at popular prices. In fact, Miss Grayce claims that she does not head what is usually termed a repertoire company, but one that is capable of the closest comparisons with the supporting organizations of the most famous stars.

Footlight Flashes

Rose Stahl captivated London with her "Chorus Lady," with which she is again touring this country.

When Louis Morrison was making his successful appearance in "Faust" Louis Mann was the Faust to Morrison's Mephisto. Mathilde Cottrell, who staged "The Begum," the first comic opera that Harry B. Smith and Reginald de Koven ever wrote, is also a member of the company.

Robert Mantell has added to his Shakespearean repertoire a classical modern play from the pen of James Bernard Fagan, who wrote "Clorinda" for Julia Marlowe.

Anna Bussert, prima donna of "The Gay Hussars," was for two years soprano of the royal Italian opera at Vienna.

Before "The Gay Hussars" crossed the Atlantic it bore the burdenome name of "Ein Herbstmännchen," which, however, means "Autumn Maidens."

Harry Lander is to again make a tour of the vaudeville theatres, controlled by William Morris.

"The Outpost," a one act play by James A. Archibald, is to be staged as a curtain raiser for "A Noble Spaniard," at the Criterion Theatre, New York.

Arnold Daly has signed a contract to appear this season under the management of Liebler & Co., in Paul Hervieu's play, "Know Thyself." Booth Tarkington and Harry Leon Wilson are to write a play for Daly.

Thomas Jefferson, son of the late Joseph Jefferson, who has been appearing for several seasons in some of the successes of his father, will make his debut in vaudeville in Chicago, in October, when he will present the mountain scene from "Rip Van Winkle."

George H. Brennan is to produce "The Coast of Chance" with the following company: Hamilton Revelle, John Maurice Sullivan, William T. Chatterton, T. Tomamolo, Misses Jane Coker, Agnes Patton, Lydia Knott and Anna Dale.

"After the Deluge" is the title of the new play to be written by Henry Breister for the Comedie Francaise in Paris. It will be produced in this country.

Helen Ware, the leading woman of "The Third Degree" company, playing in Chicago, had a narrow escape from being killed by being run down on horseback by a trolley car. Her escort saved her by rushing between her and the car. He was thrown himself and his horse was killed.

Arthur Byron was engaged by Liebler & Co. to appear under the management for a term of years. Mr. Byron is to be seen this season in "For Better or Worse," by Cleveland Moffet.

William Faversham will open his season in "Herod" in Albany about the last of the month.

"Springtime," by Booth Tarkington and Harry Leon Wilson, was produced last week in Philadelphia, with Mabel Taliaferro for the first time officially presented as "Nell," her new stage name, in the leading role. The scenery of the story is laid at the time of the invasion of New Orleans by the British.

Florence Reed, the daughter of Roland Reed, has been engaged by Wagenhals & Kemper for the cast of "Seven Days."

Margaret Anglin has announced that on the conclusion of her season in "The Awakening of Helena Ritchie" she will renounce tears and take to comedy.

A. G. Delameter and William Norris have secured the dramatic rights of "Truxton King," by George Barr McCutcheon, said to be another "Granetark."

This season Cecil Spooner, the comedienne, is to be seen in a new play, "The Little Terror," a drama in four acts by Amella Wedd Holbrook. Miss Holbrook first saw the story in a magazine, and gained the consent of the author and the publishers to elaborate it into a drama of four acts.

There was food for thought in the address before the Board of Trade and Merchants Exchange on Thursday evening.

How to buy an EDISON Phonograph

Do not buy an Edison Phonograph until you are convinced that you want one. Hear it at the dealer's first.

Hear it play a number of pieces. Hear it play the kind of music that you like—music that you have heard people sing and play—so that you can know how well it does it. Hear it play Amberol as well as Standard Records.

You will decide that the Edison Phonograph is the best.

Then remember that it takes only a small amount of money to buy it. You can get a perfect Edison Phonograph at your own price, whether it is \$12.50 or any price up to \$125.00—one that will last a life-time, that will give pleasure every day, that will help you to educate your family, that will entertain your friends, and that will while away many hours that might otherwise be misspent.

Standard Records 25c
Amberol Records (twice as long) 50c
Grand Opera Records 75c

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Amberol Records. Get complete catalogs from your dealer or from us.

WILL NOT SEE A COMMITTEE

Mrs. Eddy Refuses to Discuss Case of Mrs. Stetson

MATTER UP TO DIRECTORS

Founder of Christian Science Says Her Province as Leader is Not to Interfere in Cases of Discipline—Methods and Practices of Certain Members of First Church in New York Declared to Have Been Wrong

Boston, Oct. 15.—Several communications bearing upon the recent removal of the name of Mrs. Augusta E. Stetson of New York from the official list of Christian Science practitioners will appear in next Saturday's issue of the official organ of the First Church of Christ (Scientist) here. A communication from Mrs. Mary B. G. Eddy, headed "Take Notice," says:

MRS. MARY BAKER GLOVER EDDY

"I approve the by-laws of the mother church, and require the Christian Science board of directors to maintain them and sustain them. These directors do not act contrary to the rules of the church manual, neither do they trouble me with their difficulties with individuals in their own church, or with the members of the branch churches.

"My province as a leader—as the discoverer and founder of Christian Science—is not to interfere in cases of discipline, and I hereby publicly declare that I am not personally involved in the affairs of the church in any other way than through my written and published rules, all of which can be read by the individual who desires to inform himself of the facts."

Mrs. Eddy, therefore, will not give audience to any committee that may come over from New York representing Mrs. Augusta E. Stetson and the sixteen practitioners of that city recently deposed.

The announcement that representatives of Mrs. Stetson would come to Boston to seek an interview with Mrs. Eddy was made on Oct. 11, and the date of the reply which Mrs. Eddy framed came the very next day, or Oct. 12.

A letter written by John V. Dittmore, secretary of the Christian Science board of directors to the directors of the First Church in New York is also made public. The letter says in part:

"The recent inquiry conducted by this board disclosed the methods and practices of certain members of your church to be radically wrong. We are informed that the facts of the case are known not only to twenty-five members of your church whom we examined, but to other members of your church, including the chairman of your board, and also to certain persons who have left your church on account of such conditions, although the deplorable conditions may be unknown to the greater part of your membership. The facts are well known to both of your readers, and they are, we believe, ready and willing to assist in any right action.

"The results of our investigation were communicated to a majority of your board on Sept. 24 in our room in the mother church. The same facts were the basis of our letter to you dated Oct. 4 to which no answer has been received.

"Under these conditions, we again call on you to arouse yourselves to the seriousness of the situation, and to do your duty without fear or favor."

A letter sent by Mrs. Eddy to Mrs. Stetson last July is also published, as follows:

"Awake and arise from this temptation produced by animal magnetism upon yourself, allowing your students to defy you and me. Treat yourself for it and get your students to help you rise out of it. It will be your destruction if you do not do this. Answer this letter immediately."

It was also announced that three by-laws bearing on the relations of teacher and pupils had been amended.

Manlaughter Charged

Boston, Oct. 15.—Charged with manslaughter in having run over and killed John J. O'Brien, 5 years old, James B. Nantzen, a motorman, was arrested last night. The accident occurred in Jamaica Plain.

CHARGED WITH MURDER

Dr. Fritch Is Again Under Arrest in the Maybelle Millman Case

Detroit, Oct. 15.—Dr. George A. Fritch of this city last night was re-arrested in connection with the death of Miss Maybelle Millman, whose dismembered body was found tied in sacks in Ecorse creek on Labor day.

Fritch was arrested upon the finding of the body and an attempt was made to prove that the girl had died after an unlawful operation in the doctor's office. After holding the physician under \$10,000 bail for some time on suspicion of murder, the case was allowed to drop until yesterday.

Joseph W. Leach, an automobile driver, is said to be the principal witness upon whom the police rely in their resumption of the case. After Fritch had been re-arrested and confronted by Leach the detectives changed the charge they had entered against Fritch from "suspicion" to "murder."

Speaking of the rearrest of Fritch, Prosecuting Attorney VanZile said: "By the confession of the chauffeur who drove the automobile to Ecorse creek, where efforts were made to secrete the dismembered body of the girl, the mystery surrounding the case has been cleared up."

M'CARREN SERIOUSLY SICK

Friends Are Very Anxious Over Political Leader's Condition

New York, Oct. 15.—Patrick H. McCarren, the Democratic leader of Brooklyn, who underwent an operation for appendicitis, is fighting for recovery with the same grit that has won many of his political battles. His condition is serious, and his friends and political associates, while they believe that he will ultimately recover, are extremely anxious. McCarren is 61 years old.

The Democratic leaders in Brooklyn were completely upset by the sudden removal of McCarren from the campaign. Although conferences were held to choose someone to fill the senator's place no selection was announced.

DELEGATES SHOW

MUCH ENTHUSIASM

Christian Church Convention Is

Fairly Overcrowded

Pittsburg, Oct. 15.—Topeka was chosen by the delegates attending the annual convention of the Disciples of Christ (Christian Church) as the place where the 1910 convention will be held. Des Moines and Boston made a strong fight for the honor.

So great was the enthusiasm which marked the three big meetings Thursday that more than 10,000 delegates attended the sessions and talks were appeals for home missions.

Mrs. D. C. Barclay, the only surviving daughter of Alexander Campbell, founder of the Disciples of Christ church, who is 69 years old, arrived here to attend the meetings. Mrs. Barclay lives at Bethany, W. Va.

MILITARY MASTS FAIL

Too Much Vibration to Be of Any Value to Our Warships

Newport, R. I., Oct. 15.—From the Atlantic fleet word reaches Newport that the newly installed military masts on the battleships have not met with success and that they will be removed in time because of the vibration these new additions produce.

On the flagship Connecticut, during target practice recently, officers with the range finder in the mast found the vibration so great that they were compelled to withdraw and take a position elsewhere for their operations in connection with the practice.

Naval Trophy Winners

Washington, Oct. 15.—Record target practice scores of the vessels of the American navy for 1909, made public at the navy department, show that the Washington is a trophy winner in the battleship class, the Charleston in the cruiser class, the Wilmington in the gunboat class and the Tingey in vessels competing for the torpedo trophy.

Death of Admiral Milligan

Annapolis, Md., Oct. 15.—Rear Admiral Robert W. Milligan, U. S. N., retired, died suddenly last night, aged 65 years. He was chief engineer of the battleship Oregon when she made her remarkable run from the Pacific coast to Cuba, during the war with Spain.

Gaynor Leaves the Bench

Albany, Oct. 15.—Justice William J. Gaynor, Democratic candidate for mayor of New York city, filed his resignation as a member of the appellate division of the supreme court with the secretary of state, to take effect immediately.

Blankets For Flood Victims

New York, Oct. 15.—The Christian Herald, in response to requests for aid from Philip C. Hanna, United States consul at Monterey, Mex., has shipped 5000 blankets for the use of flood sufferers in that vicinity.

Anarchists Heading For Spain?

Geneva, Oct. 15.—The Swiss police have warned the Spanish authorities of the exodus of Spanish anarchists from this city.

TWO SUSPECTS ARE DETAINED

Thought to Know Something of Suit Case Murder

GIRL'S HEAD STILL MISSING

Every Indication, However, That Remains of Dismembered Body Found

Strewn Along Country Road Were Those of Amelia St. Jean of Fall River—Men Held in That City Acknowledge Having Known Her

Fall River, Mass., Oct. 15.—After a rigorous examination, lasting several hours, the Fall River police announced early this morning that they are holding "Professor" Frank Hill, an "herb doctor," and Wilfrid Thibault, a chauffeur, in connection with the murder of the woman whose body was found at Tiverton, whom they believe to be Miss Amelia St. Jean of this city.

It was stated that the men are not arrested, but merely detained. Thibault admits having kept company with the girl and Hill admitted having consulted with her regarding a criminal operation, according to the police.

In separate rooms, the men were submitted to an exhaustive grilling from 6:45 p. m. to midnight. Thibault gave an alibi which, if true, covers his movements on Friday, Saturday and Sunday.

"Professor" Hill, according to the police, admitted having been consulted by the St. Jean girl about an illegal operation to which she had submitted and stated that he had owned several bags such as that in which portions of the body were found. That bag contained the name "Frank Hill" written on the inside cover.

Miss Amelia St. Jean, who has been missing since Friday, was 19 years old. She had been with the "Human Fish" company, which exhibited at fairs during the summer, having returned about six weeks ago. She came to Fall River to live with her father, Joseph St. Jean, while her mother is living in Woonsocket. It was St. Jean who interested the police in the absence of his daughter as a possible clue to the identity of the young woman whose body was found strewn over the Tiverton countryside.

The police, the father, and all others interested, admit that the body has not yet definitely been identified as that of Miss St. Jean. "This is impossible without the head, which is missing."

Clothing Is Identified

Tiverton, Oct. 15.—The absence of the head of the body which has been found scattered through the Tiverton countryside is an impassable gap in the efforts of the police to identify the victim of the gruesome mutilation.

If the head was at hand to show whether the body was that of Miss Amelia St. Jean of Fall River, the police of that city state that pending arrests would be precipitated. The police of that city grided two men, one of whom is known to have kept company with Miss St. Jean. The other is a man whom the police state they have long suspected of having performed criminal operations.

The minds of the officials now tend toward the belief that the body was that of Miss Amelia St. Jean, and supports to their theory are not wanting. Most important, probably, was the identification of clothing contained in a bundle found in Mt. Hope bay as being that worn by Miss St. Jean on Friday. The identification was made by Mrs. Eva Lamerieux of Fall River, who stated that the hat, shoes, stockings and underclothing which it contained had been borrowed from her by her niece, Miss St. Jean, on Friday morning. Papers of the same date as those found covering or near the limbs which have been found, were wrapped about the clothing.

An attempt of Joseph St. Jean, father of the missing girl, to identify the portions of the body here as that of his daughter was without success. Although expressing the belief that the body was that of his daughter, he still was unable definitely to find any identifying marks upon it. It was at his suggestion that the Fall River police originally turned to the fact of Miss St. Jean's absence as a clue to the identity of the victim. Mrs. St. Jean, living in Woonsocket, who has been separated from her husband for several months, is to come from Woonsocket today to attempt to identify the body as that of her daughter.

Although meagre in results, Thursday's searching was conducted on a broad and well-mannered basis. The blood-bespattered countryside adjoining Buisson marsh road, where have been found the portions of the body thus far discovered, was searched systematically. The results were a switch of hair of dark brown color and two blood-stained handkerchiefs.

Thurston For Mayor of Providence

Providence, Oct. 15.—After a hot fight, in which all three candidates for mayor claimed the victory until the last minute, James H. Thurston secured the nomination of the Democratic city convention.

NAVAL OFFICER A SUICIDE

Found Hanging by Strap in His Quarters Aboard Gunboat

Newport News, Va., Oct. 15.—After having dinner with a young woman and spending the evening in her company at the Chamberlain hotel, Old Point Comfort, Lieutenant Carl A. Richter, U. S. N., 28 years old, chief engineer of the gunboat Marietta, went to his vessel in Hampton Roads at midnight and his dead body was found hanging by a strap to the wall in his quarters in the morning. He had been dead several hours.

All attempts to obtain a statement from any of the officers on the Marietta have proven futile. The identity of his companion at the Chamberlain has not been learned. She may know something of the cause of the suicide. Richter graduated from Annapolis in 1906.

ASKED FOR \$10,000

Boston Man Who Wrote Black Hand Letter to Whittier Is Convicted

Boston, Oct. 15.—There was an echo of the famous Whittier kidnapping case of Sharon, Pa., in the United States district court here, when Ernest H. Martin was convicted of sending a "Black Hand" letter to James P. Whittier, threatening to kidnap his son for a second time unless \$10,000 was paid to another man in this city.

According to the evidence the Black Hand letter was mailed in Dorchester, the postal district in which Martin resides. He admitted on the stand that he sent a friend, John W. Wright, to get the decoy letter which Whittier sent to the address given in the Black Hand letter, and Martin was arrested while waiting for Wright to get the letter. He will be sentenced later.

CUSHING'S NAME

ON FOSS "TOUGH"

Clerk Overlooked Fact That

Candidate Was a Democrat

Boston, Oct. 15.—Grafton D. Cushing, treasurer of the Republican city committee, admitted last night that Eugene N. Foss got a "touch" from the Republican city committee. It was probably an appeal which was sent out in the name of Grafton D. Cushing.

"We sent out requests for contributions for funds as we usually do," said Cushing. "I did not personally stamp my name upon letters and send them out, and I do not know to whom all the letters were sent."

"I suppose some clerk found the name of Foss on the voting list marked as a Republican, and that without considering that Foss was now a Democrat, sent the letter along."

SOUTH IS STORM SWEEP

Wires Are Down and Details of the Damage Wrought Are Lacking

Memphis, Oct. 15.—That a destructive storm of wind and hail swept over west and middle Tennessee and north Alabama last night is evidenced by the fact that no communication of any character can be had with those sections.

Telegraph and telephone wires are down and reports from small towns in the extreme western counties of Tennessee state that a severe wind storm occurred, unroofing houses, leveling telegraph poles and doing other damage. No loss of life is reported.

The town of Denmark, Tenn., has been wrecked, two persons were killed, several are known to have been injured and others are missing, according to a dispatch received here.

MINISTER DAMNS TAMMANY

Thought Remarks by Speaker in His Church Were Too Mild

New York, Oct. 15.—The wrath of heaven was invoked in unusually strong words from the pulpit last night by Rev. A. E. Barnett of the Chelsea Methodist church, who called for the Almighty's "damnation of Tammany Hall and the rottenness and corruption existing in New York today."

Theodore Bingham, who had preceded Barnett, was too mild in his protest at Tammany's rule, according to the clergyman, so he added his denunciation.

Taft Leaves Arizona

Grand Canon, Ariz., Oct. 15.—A picnic lunch at Grand View, a sunset trip to Hopi Point and a stage ride of thirty-five miles made up President Taft's stay at the Grand Canon of the Colorado. The president left at 11 p. m. for Albuquerque, en route to El Paso, Tex.

TELEGRAPHIC BREVITIES

Ryerson Ritchie, executive secretary of the Boston chamber of commerce, has decided to retire from the position.

George D. Fowler, an official of the Pennsylvania railroad and one of the foremost authorities on golf in this country, died suddenly at Philadelphia, aged 49.

Rev. W. C. White of Ontario was selected by the Anglican house of bishops for consecration as bishop of the new diocese in China.

COOK CLIMBED MOUNT M'KINLEY

Says He Left Records at Summit of the Peak

WON'T REPLY TO BARRILL

Must First Know Under What Conditions Alleged Affidavit Was Made—

Professes to See "Money Behind His Statement"—Guide Says Explorer Was Not Nearer Than Fourteen Miles to Top of Mountain

Atlantic City, N. J., Oct. 15.—Expressing astonishment at the statement of Edward Barrill in the New York Globe, Dr. Cook maintained that he ascended to the summit of Mount McKinley and that if an expedition will follow the route he took it will find the records deposited by him at the summit of the peak. Referring to Barrill's sworn statement, Cook said to a representative of the press:

"I cannot really understand why Barrill should have made such a statement as the newspapers reproduce if he was acting under normal conditions. I must say it surprises me. We were always on the most friendly terms. Until I knew of the conditions under which this alleged affidavit was made I will make no specific reply to it. My account of the trip has been published. For the present it is the bald statement of one man against another."

"If an expedition of experienced mountaineers will follow the route that I took and will go to the top of Mount McKinley they will find there the records which I deposited on attaining the summit of the mountain in the manner described in my book, 'To the Top of the Continent.'"

"I have always had the most complete confidence in Barrill and cannot comprehend why he should have sworn to such a story. The fact that General Hubbard is proprietor of The Globe throws a light upon the affair which was not previously apparent. I shall see Barrill, I hope, when I reach New York, but I do not know when or where."

"It appears to me that there was money behind his statement. He was, perhaps, annoyed that he had not my paid his wages, but that was not my fault and I reminded the matter as soon as I got back from the pole."

Cook refused emphatically to enter into further details, saying he would reserve his comments until the time when he could be assured that the alleged affidavit was genuine and also as to the circumstances under which it was obtained from Barrill.

"Will you say that the accusations contained in the Barrill affidavit are positively untrue?" was the question put to Cook by a large body of newspaper men late last night. The reply was:

"Decidedly yes. (Signed) 'F. A. Cook.'"

Dr. Cook, who had previously declined to commit himself, did not hesitate a moment when the question was placed before him in writing.

Dr. Cook after midnight said: "I never even knew Barrill kept a diary. I never saw it, consequently I could not have asked him to alter anything whatever. The only thing I ever saw him do was to make sketches. Any statements of his that I suggested the changing of dates and altitude is a lie."

Sworn Statement of Cook's Guide

New York, Oct. 15.—The Globe prints a copy of the affidavit made by Edward N. Barrill, who accompanied Dr. Cook at the time he announced his reaching the summit of Mount McKinley. The affidavit was made before a notary public at Tacoma, Wash., on Oct. 4, and has just been received in New York.

Barrill's affidavit states in effect that he was the only person present with Cook on the date when he claims to have reached the summit of Mount McKinley; that they did not in fact reach the summit, and the nearest point to the summit reached was at least fourteen miles distant from the summit of that mountain, the elevation at no time exceeding 10,000 feet.

Barrill's affidavit also brings into question a number of the photographs which Cook has given as representing the summit and other high altitudes of Mount McKinley.

Lawshe to Resign Office

Washington, Oct. 15.—Discouraged in his search for health in the dry climate of the southwest, Third Assistant Postmaster General Lawshe announced to the heads of the bureau in his division that he intended to resign from the postoffice department.

Six Naval Men Killed

Maasshus, The Netherlands, Oct. 15.—While torpedo boats were engaged in clearing wrecks from the coast near Scheveningen, a ship's pinnace was destroyed by an explosion of picric acid. A first lieutenant and five men were killed.

Tobacco Company Bankrupt

Richmond, Oct. 15.—Judge Wadhams, in the United States circuit court here, placed the Warrick-Kramer Tobacco company of Norfolk in voluntary bankruptcy.

THREE TIGERS INJURED

Knocked Out During Desperate Rally by the Pirates

Detroit, Oct. 15.—Detroit kept in the great fight for the world's baseball championship by defeating Pittsburgh, 6 to 4, in a battle full of thrilling sensations, and the two teams are tied with three victories each. The seventh and deciding game will be played here Saturday.

A rally in the ninth inning by Pittsburgh was stopped after one run was scored, but three Detroit players were injured in stemming the rush of Pittsburgh runs to the plate.

Tom Jones, the Detroit first baseman, was the most seriously hurt. His neck and spine were injured in a collision with Wilson at first base and this resulted in Pittsburgh scoring its run of that session. Catcher Schmidt had his right leg badly gashed and Murfury's left knee was badly hurt.

CRANE'S RESIGNATION

President Regrets That Circumstances Force Him to Accept It

Washington, Oct. 15.—All doubt as to what action the president would take with respect to the resignation of Charles R. Crane, minister designate to China, was dispelled by the receipt of a dispatch from President Taft addressed to his secretary, Mr. Carpenter, directing him to convey to Crane announcement of the fact that the resignation had been accepted. The telegram reads:

"Convey to Mr. Crane following communication: 'I concur in the letter under date of Oct. 12, which the secretary of state has addressed to you, and I greatly regret that the circumstances found to exist by him make it necessary for me to accept your resignation.'"

SAYS DEAD BANDIT

WAS AN ATTORNEY

Actress Identifies Bank Robber

Who Killed Himself

Chicago, Oct. 15.—The Chicago police are satisfied that the man who robbed the bank of D. M. Erskine & Co. at Highland Park and committed suicide when run down by the authorities, was Lumar A. Harris of Los Angeles, an attorney.

A vaudeville actress appearing here told the authorities that she met Harris in Los Angeles and that he looked her up in Chicago a few days ago. She last saw him Friday, when she took dinner with him at a local hotel. She said she first met Harris in Los Angeles last August. When he found her here he entertained and spent money freely. When the actress saw Harris last Friday he told her he was going away soon and probably would not see her again.

The police have been requested by relatives of Harris in Los Angeles for a full description of the body of the dead bank robber. It was forwarded last night.

CAUGHT STEALING A RING

Woman Takes It From Finger of Corpse and Swallows It

Lynn, Mass., Oct. 15.—Charged with the larceny of a diamond ring, valued at \$150, from the finger of a dead woman, Miss Margaret Landers, aged 23, was arrested.

According to the police, Miss Landers admits the theft. She went to the home of James Geary, where the body of Mrs. Geary was resting in a casket. Miss Landers, according to her own story to the police, removed the ring from the dead woman's finger, and, frightened at being detected in the act, swallowed the gem.

TIME TO HUNT MOOSE

Large Number of the Animals Said to Be in the Maine Woods

Bangor, Me., Oct. 15.—Open time for moose in Maine began today and continues through to Dec. 15. The prospects for this game are said to be excellent, their number having increased somewhat since last year.

No moose are expected at Bangor for several days after the opening of the season. The weather has been so warm that it has been impossible to keep game in good condition for any length of time.

The Dominican Revolution

Cayo Haytien, Oct. 15.—It is reported that General Guelito, former governor of Monte Cristi, has landed men and munitions between Puerto Plata and Monte Cristi. A Dominican gunboat arrived too late to prevent the landing. The revolutionists will proceed to Dajabon.

Steamer's Bow Rests on Rock

Owen Sound, Ont., Oct. 15.—Steamer Athabasca is hard aground on Flower Pot Island. The Athabasca's bow is high up on the flat rock and the main part of the ship is afloat. The crew of fifty-six men and a small passenger list are still on board.

The Weather

Almanac, Saturday, Oct. 16. Sun rises—6:58; sets—5:02. Moon sets—6:19 p. m. High water—11:15 a. m.; 12:30 p. m. Forecast for New England: Rain, followed by partly cloudy and colder; light southwest, shifting to north-west winds.

NEWSPAPER DUTY

Judge Anderson of the United States court at Indianapolis, in dismissing the government libel case against the proprietors of the Indianapolis News, asserts that it is both the right and the duty of newspapers not only to print the news of the doings of public officials but, to draw inferences from that news.

In this respect, Judge Anderson's remark is of considerable importance, in that its wide publicity will go far to acquaint the public with the legal rights of newspaper criticism. There will be some petty men in newspaper work, who will take advantage of the opportunity to injure some hated person by unjust criticism or insinuation, but their numbers will be few.

In the days when facilities for gathering the news were meager, mechanical appliances for printing the news were scanty and transportation means for distributing the papers were limited, the editors from the opinions of most of his readers on public questions. Nowadays the public has got used to the possibility of getting the news from the newspaper and forming opinions from the news, without regard to what is the editor's opinion. The task of preparing the news for the readers is a greater burden for the editors than was that old-time task giving the people some lengthy editorials.

For business reasons, the newspapers find the right of criticism less important than it used to be, and for the same reason they exercise that right less.

REAL ESTATE DEALS

Recent Deeds Recorded in the Rockingham County Registry

Portsmouth.—Alice B. Paul to Hannah S. T. Lane, Somerville, Mass., land on Bennett street, \$1; John Grant to Martha E. Furber, land on Myrtle avenue, \$1; Charles E. Smith, New York, et al. to Julia M. Smith, rights in premises at 6 Wilder street, \$1.

Exeter.—Albert Cormier to Joseph E. Hiron, land and buildings on McKinley street, \$1; Amy G. N. Selleck to Sarah L. Locke, land and buildings on High street, \$1.

Hampton.—J. Harold Hobbs, North Hampton, to Frank R. Merritt, Baverhill, Mass., land and buildings, \$1.

FATHER AND SON

Will Serve as Jurors Next Week at Court in Portsmouth

Nottingham, Oct. 15.—Joseph H. Colcord has been drawn as grand juror and Harold A. Colcord, his son, as petit juror, to serve at the October term of the superior court, to be held at Portsmouth. Quite an unusual thing for two members of a household to be drawn as jurors at the same time.

There were two drunks and three lodgers in the police station last night.

NEW CASTLE
Pythian Lodge is Working Candidates

The Wonders of the Weather in the Island Town

New Castle, Oct. 15.
The perfectly peerless weather that we have been having is seemingly a gracious benediction from the ferrors of the New England summer. The glories of the waning season is yet undiminished. And now for a period only too short we have in peculiar fullness the bounty of nature appealing to every sense of enjoyment. The foliage still crowns the woods and the fields, but not yet brown, the fruits are ripe but not all gathered. The air is clear, but not yet frosty. How many of us while speeding homeward on a railroad train ever appreciate the beauties of nature at this season of the year. It is a pleasure to nestle down in one's seat and meditate on the grandeur of nature as they are thrown before us in one continuous panorama of autumn beauty serves to bring peaceful and delightful thoughts to one's mind.

Mr. John Leggat, who has been the guest of Lieut. Mather has returned to his home in Lowell.

Mrs. James W. White has returned from a visit with her son in Dorchester.

Mrs. Richard E. Poole has returned from a visit with relatives in Lynn.

Mr. Winifred Hall is acting in the capacity of captain on the Quaker City while Capt. Gilchrist is taking a well merited vacation.

The Sea Breeze closed last Saturday after the most prosperous season in its history.

"The Third Degree" is seemingly very much in evidence. The K. of J. will confer it upon William Ladeau this evening.

Mrs. Albert Consenor, who has been the guest of Mr. and Mrs. Clarence White, has returned to her home in York.

Mr. and Mrs. Fred Noyce and little daughter Viola of Bangor are visiting the former's parents, Mr. and Mrs. F. Robinson.

The Knights of Pythias are to hold their annual fair on Jan. 4, 5, 6.

Mr. Andrew Amazeen, after a brief visit with relatives has returned to his home in Beverly.

Mr. John Bachelor of Saco is making extensive repairs upon the Fellows cottages.

Mr. and Mrs. Stanley Harrison of Portsmouth are sojourning at their attractive bungalow.

"The Third Degree" at Music Hall this evening and tomorrow afternoon and evening will attract not a few from our island town.

It is gratifying to learn that we shall be privileged to enjoy a good old fashioned harvest supper with myriad culinary triumphs which will be given under the auspices of the King's Daughters at Pythian hall, Oct. 20. The festive occasion is being most pleasantly anticipated.

WILL OBSERVE NOV. 1

Paul Jones club, S. A. R., will hold its annual meeting Nov. 1, the 132d anniversary of the sailing of the anchor from this port, under John Paul Jones.

The Helen Seavey Quilting Party will hold a meeting Nov. 1, in honor of that anniversary.

DANDRUFF

Falling Hair and Itching Scalp are Caused by Microbes
There is no doubt about it. Doctor Sabouraud proved it when he infected a guinea pig with dandruff germs and all his hair entirely disappeared in a short time. The entire medical world has accepted Dr. Sabouraud's discovery as final. Ask any worthy physician.

Paris leads the world in knowledge of diseases of the hair and remedies for the same.

And Parisian Sage which can now be obtained at leading druggists all over America is the one great remedy to kill dandruff germs.

And that is why Goodwin E. Phillips says to every reader of the Herald if Parisian Sage does not banish dandruff, stop falling hair or itching scalp in two weeks he will refund the purchase price.

Dandruff is a forerunner of baldness. Take care of your hair while you have hair to take care of. Kill the dandruff germs now before the dandruff germs kill your hair.

Use Parisian Sage, the guaranteed dandruff cure and delightful hair dressing.

It is used extensively by ladies of refinement because it keeps the scalp absolutely clean and gives a bewitching lustre to the hair. Price 50 cents at Goodwin E. Phillips' and leading druggists everywhere.

Girl with Auburn Hair on every package. Made in America by G. H. Mfg. Co., Buffalo, N. Y. Mail orders filled, all charges prepaid.

A TIMELY TOPIC
BY
REV. DR. ALLEN E. CROSS
Of the South Church in Boston.
Church Must Teach Patriotism!

IN the providential order of life on this planet, we are made to live in great groups. Nations, states, cities are natural and divine ways of living. Not that many nations or cities are either natural or divine in their degeneracy. But the capacity for natural or municipal life is in man. The association with all its implies of reciprocity, is according to his social bent. We are made to live together, not as hermits; we were made to be members one of another, before any religious teacher said so. We must have direction and regulation. We together can help one another by common protection, common education and the communal supply of very many of our wants. So states and cities become an inevitable evolution. Now here is the existing relation of civic life. What is the civic ideal? What shall it be? Who shall be its teacher? Who shall increase the sense of mutual aid and mutual responsibility? Who shall broaden the civic conscience and quicken the civic passion? The school may do it in part, as a matter of information. But the church must do it in larger part, as a matter of moral impulse and social obligation. The passion of the preacher of righteousness must be added to the teaching of the economist and the laws of the legislator.

Statesmen, orators, and publicists have framed our national ideals in the past. It is time that the church saw its mission to modify those ideals, to Christianize them, to humanize them, to encourage the sense of interdependence between the nations, to make the state the servant of the whole people—these are some of the ways it may modify our national ideals.

To preach patriotism, municipal as well as national, to inspire a passion for the city, as well as for the state, that is its duty today. Too long have we made our flags wave, and our hands play, and our poets sing loyalty alone to the station. Let the new patriotism be also a municipal loyalty! A city vision and a city passion—these are what our youth must have today to redeem the cities of America. And how can the city lift up this ideal or imbue this passion, or arouse to a fever power this conscience, better than in those assemblies of citizens known as churches? It is a flat and idle falsehood, an old slander, oft repeated, to say the churches are mainly concerned with a future life. We are vitally, terribly concerned with this life. Adapting Garrison's words, we, too, are in earnest. We will not excuse, we will not equivocate, we will not retreat a single inch, and we will be heard. And we will make city government in America the pride and not the shame of our country.

H. H. STURGIS
STATE D. A. R.
After Another Term in the Maine Legislature
Doings of the Annual Meeting At Concord

Portland, Me., Oct. 15.—The state will be interested in the announcement that Hon. H. H. Sturgis, author of the Sturgis law and the inspire of the present Sturgis commission, may decide to reenter public life in 1910 for the sole purpose of making his system stronger. He said, "I am thoroughly satisfied that the Sturgis law is to continue to be a part of the law of the state of Maine. Of course it will be assailed, but in my opinion when its enemies are strong enough to overturn the entire prohibition law and system in Maine they will be strong enough to repeal the Sturgis law, but not before. One will go or I will with the other."

"If I go back to the legislature I shall try to carry through a law to make the charter of any company in Maine a public document. I found that it has knowingly violated any law of the state. Such a law would as a matter of course be directed against express companies organized under our laws for the apparent purpose of carrying on a business recognized by the law of the state as necessary and proper, but for the real purpose and intent of violating a law of such value and importance as to have caused it to be made a part of the state constitution."

"The state is now placed in a very peculiar position. Certain corporations were formed under the general laws of the state and were authorized by the terms of their charters to do a well defined business, but they have been allowed to violate other laws and were actually formed for that sole purpose."

"In this county representatives of companies doing business under the Maine charters have gone into our courts and have entered a plea of guilty and have paid fines into court for the violation of the prohibitory law. I propose, if I go back to the legislature, to stop that practice by the enactment of a new law taking away their charter in such cases and I am satisfied that it would be adopted if introduced."

SALEM BUSINESS MEN HERE
Party Entertained and Enjoy a Trip Down the Harbor
A party of Salem business men came here on Thursday for a day's outing and were entertained at the Yacht club and later took a motor boat trip down the harbor.

While in the city they were the guests of George W. Folland and R. J. Kirkpatrick of the Portsmouth Brewing Company.

ORGANIZING IN CONCORD
Superintendent J. S. Whitaker of the Rockingham County Light and Power Company is in Concord today, where an organization composed of electric light and power superintendents is to be formed there today.

Concord, Oct. 15.—The eighth annual conference of the New Hampshire chapter, Daughters of the American Revolution, was held Thursday with Rumford chapter of this city in the Universalist church. About 100 delegates and members were present in addition to the local members.

The conference was called to order at 11:15 o'clock by the state regent. After prayer had been offered and the ladies had sung "America," Mrs. Jessie Benton Harriman, regent of Rumford chapter, welcomed the delegates to Concord. The state vice regent, Mrs. Dearborn, made the response for the state. Mrs. Frederick Simpson of Nashua sang "An American Toast" and then the minutes of the state meeting at Washington, the minutes of the regent's meetings at Keene, the state regent's report and financial statement, and the state secretary's report were read.

Reports of standing committee were given as follows: On patriotic education, Mrs. Fanny Hoyt Sawyer of Manchester; on children of the republic, Mrs. James D. Minot of this city; on child labor, Mrs. Charles E. Hardy of Hollis; on real daughters, Miss Mary Carr Grimes of Hillsborough; on the American Monthly Magazine, Mrs. James H. Bateholder of Exeter.

Luncheon was served at 12:30 o'clock and the afternoon session began at 2. Mrs. Frederick Simpson sang "Hurrah for Old New Hampshire" and then the following programme was carried out: Letters and greetings from other states, roll call of chapters, nomination of state officers, two minute reports of chapter regents, "What Can We Do This Year?" by the state regent, unfinished business, new business, music.

Mrs. Charles D. Abbott of Keene was renominated for state regent and Mrs. Joseph Henry Dearborn of Suncook for vice state regent.

The nominations will go to the national conference in Washington for confirmation.

ENTERTAIN MEMBERS

The newly elected officers of the Portsmouth Athletic club entertained the members on Thursday evening, and in fine style.

From seven until ten o'clock supper of salad, etc., was served and during the evening the Naval orchestra furnished music.

A double quartet gave many selections, and there were turns by the different comedians of the club. It was an entertainment that will be remembered.

KITTERY LETTER
(Continued from Page One)

home in the coal regions of Pennsylvania.

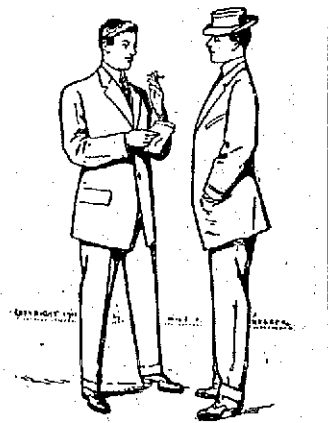

Schooner Florence Leland is bound here with coal for Fremont Varrell of York Harbor.

Miss Helen Manson, who has been in town to attend the wedding of her sister, Miss Katherine Sarab to Claude Raymond Colby, has returned to her home in Somerville, Mass.

There was no school in Mrs. Mary A. Baker's grade at the Horace Mitchell building today on account of the teacher's absence.

Very quiet in fire department circles.

Our Customers Are Fashion's Friends

The young man who is exacting with regard to his apparel---who wishes to be "in the swim" so to speak---will find here his every want anticipated. Our showing of suits for young men embraces the very newest and "classiest" models and fabrics of the season. Many exclusive styles are waiting his inspection.

In colorings he will find the new blues, olives, rich dark browns and grays. He will find a distinctiveness in model which is impossible for the average tailor to imitate. To the tailor who could he would have to pay double the price he will have to pay us.

FROM EXETER

Hopes for a New Industry

Remodeling Job at the Methodist Church

Small Boys Breaking Glass with Horse Chestnuts

Raising the Dam at the Exeter Water Works

Exeter, Oct. 15.—Work on the Methodist Sunday school room is progressing rapidly under the supervision of Rev. A. E. Draper. The windows are being cut through the walls this week, and the interior is being finished up, while a complete and attractive renovation of the entrance is to be made. A Gothic window is to be instituted, and the entrance to the church is to be attractively modeled by a memorial stairway, lighted by windows in memory of the late Rev. E. A. Boultonhouse, pastor several years ago, and also of Rev. J. M. Haines, pastor from 1876 to 1878.

The cool weather has put more life into the football squad, and the followers are anticipating a good game at Brunswick, Me., Saturday. The chances for victory are about even, and Exeter has an excellent fighting chance. Bowdoin has lost most of her annual games to Exeter, but this year the Maine college has a fast team. It will be the first time, however, that the two institutions have met for two years. But two more games before the Andover game are to be played here, unless the open date for Oct. 30 is filled, which is quite probable. The games to be

played with Williston seminary, Oct. 20; and the Yale freshmen, Oct. 23.

A complaint has been made at police headquarters that small boys are doing much mischief with horse chestnuts. The nuts seem to be quite numerous on some of the streets, and a house on Bow street was relentlessly attacked while the occupants were away, and window glass broken by the wholesale. The police are on the lookout for the mischief makers.

Mrs. Arthur F. Cooper, who was seriously injured by a fall down stairs last Monday, is reported to be somewhat improved, and her recovery is probable.

Mr. and Mrs. Charles W. Richards have rented a house on Main street, and are to make their residence here.

The wedding of Miss Winnifred Burley, a member of this year's graduating class at Robinson seminary, to Robert Mitchell of New York, is to take place Oct. 29 at the home of her parents, Mr. and Mrs. Harrison G. Burley at Newmarket.

The Merchants' association, an organization for the purpose of promoting the business welfare of the town, has held several meetings during the past summer for the purpose of securing some industry to locate here. Some measures have been advanced to induce a Lynn, Mass., firm to change its place of operation, and come to this town. Indications are favorable that it will be accomplished.

The firm employs about 250 hands, and representatives have been present at the meetings. If the step is accomplished, the local organization will cooperate with it and increase the capital stock.

To increase their store of water, brought previously low in the recent protracted drought, the Exeter Water Works are heightening their dam by two feet and a half. The water level in the reservoir will be raised nine inches, with provisions for an additional raise if needed. Mr. Geo. A. Sampson, of Boston, is the engineer in charge of the work, in which 12 men are now employed. It should be completed this month.

The Woman's Christian Temperance Union will meet with Miss Rosa Akerman, Front street, Wednesday afternoon at three o'clock.

Rev. R. H. Huse will conduct the service at West End hall next Sunday afternoon at three o'clock.

Mr. and Mrs. Charles B. Johnson started Thursday on an excursion to Albany and down the Hudson.

Exeter branch of the National Alliance held the season's first meeting Thursday afternoon at the vestry. It was a neighborhood meeting, devo-

INDIGESTION IS ENDED FOREVER

No Heartburn, Gas, Dyspepsia or Headache Five Minutes Later

Nothing will remain undigested or sour on your stomach if you will take a little Diapiesin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you eat.

Eat what your stomach craves, without the slightest fear of indigestion or that you will be bothered with sour risings, belching, Gas on Stomach, Heartburn, Headaches, sour stomach, Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead, or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapiesin you could always go to the table with a hearty appetite and your meals would taste good, because you would know there would be no indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapiesin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

You couldn't keep a handier or more useful article in the house.

ted to "religious news and 46 questions." Miss Thompson was chairman of the tea committee.

Max Cohen has opened a grocery at the former Manuvaring stand on Court street. At the former Langley stand on upper Front street, Simon Kozlovsky has a well equipped meat and provision store.

The Woman's Foreign Missionary society of the Methodist church will meet with Mrs. Elijah Smart, Gill street, Wednesday evening. The programme will include reports by the delegates to the branch annual meeting, also a humorous roll call.

At its meeting next Monday evening Gilman grange will have its programme, "Why don't the New England farmers raise their own food products?" D. Frank Swasey, recitations, Mrs. Lizzie Towle. All visiting grangers will be welcome.

Mr. and Mrs. E. A. Carter, of Newton, have this week taken their usual winter quarters at Miss Mary H. Sullivan's, Court street.

Mr. and Mrs. Charles A. Hobbs, of Watertown, Mass., are spending a fortnight in Exeter, guests at Mr. and Mrs. P. P. Ham's.

Friendship Council, R. A., voted on Wednesday evening to hold a ladies' night on Wednesday evening, October 27, the occasion being the official visit of the grand regent.

R. S. Cooney, '10, has reentered the Academy, swelling this year's enrollment to 400. Before the year is far advanced the 500 mark should be attained for the first time.

The East Side Current Events club will hold their first meeting of the season, Monday evening, Oct. 18, with Mrs. Wendell B. Folson.

Hon. and Mrs. Gale Shedd, of Keene, who have two sons in the senior class at the Academy, were guests at the Squamscott over Wednesday night.

NEW MILITARY MASTS TO GO

Newport Hears That They Cause Much Vibration

Newport, R. I., Oct. 15.—From the Atlantic fleet word reaches Newport that the newly installed military mast on the battleships have not met with success, and that they will be removed in time because of the vibration caused.

On the flagship Connecticut during target practice recently officers with the range finder in the mast found the vibration so great that they were compelled to withdraw and take a position elsewhere.

The Atlantic fleet will assemble at Hampton roads Nov. 1, and leave for Guantanamo for drills. Target practice has been set for April.

Andrew Garland, a former mate of one of the Piscataqua Navigation tugs in this harbor, is now acting master in one of the boats of the towing fleet in Boston, a promotion he well deserves.

If you don't know what to read, read the Herald.

NEW JOB FOR MAYOR HIBBARD

Boston, Oct. 15.—The Post says today:

Well defined rumors to the effect that Mayor Hibbard is seeking another government position and already has one in view have been circulating through the inner political circles of the city during the past few days.

A place that has been mentioned is that of superintendent of mails at Washington, which has a salary of \$5000 a year attached to it.

At Mayor Hibbard's offices these rumors are discredited.

Mayor Hibbard quietly left this city for Washington Wednesday night. At his office it is said that the mayor has gone to Washington on official business in relation to health conditions of the city.

The general opinion expressed in political circles, even among the mayor's enemies, is that the republican party took the mayor from a good position and that it should give him another just as remunerative.

THE WATER FRONT

Port of Portsmouth Oct. 15.

Dow*, which had been at Bath for a month repairing damage sustained in a collision with the schooner *Fannie Palmer* in this harbor, arrived at Boston Thursday with her flying jibboom gone as the result of another mishap with the same vessel in Pollock Rip Sue off Cape Cod. This coincidence is regarded as a

STRAIN TOO GREAT

Hundreds of Portsmouth Readers Find Daily Toll a Burden

The hustle and worry of business men.

The hard work and stooping of workmen.

The woman's household cares.

Are too great a strain on the kidneys.

Backache, sideache, headache, Kidney troubles, urinary troubles follow.

A Portsmouth citizen tells you how to cure them all.

E. A. Berry, 55 Congress Street, Portsmouth, N. H., says: Doan's Kidney Pills did a member of our family more good than any other remedy he ever tried. The person referred to is employed on the railroad and the constant jolting and jarring of the cars weakened his kidneys. His back was very lame and at times his whole body became sore. Learning that Doan's Kidney Pills were a fine remedy for kidney complaint, he procured a box at Philbrick's drug store and began their use. Before long a cure was effected and from that day to this, kidney trouble has not returned. I also used Doan's Kidney Pills and they cured me of a lameness in my back and strengthened the kidneys."

For sale by all dealers. Price 50 cents.

Forier-Milburn Co., Buffalo, New York, sole agents for the United States.

Doan's Kidney Pills are made at Doan's Medical Buildings, 263 North 3rd St., Buffalo, N. Y.

PRESIDENT NICHOLS OF DARTMOUTH COLLEGE

Inducted Into Office With Time-Honored Ceremony and in Presence of Distinguished Gathering

Hanover, N. H., Oct. 15.—Under a brilliant but very chilling morning sky, Ernest Fox Nichols, DSc., LL.D., was formally inducted into the headship of Dartmouth college, as the tenth president, on Thursday by Gen. Frank Sherwin Streeter, before a gathering of 1500 people in the beautiful white Webster hall in the somewhat lengthily but direct speech Gen Streeter conveyed the honor and then handed to the new president the college charter.

Ex-President Tucker welcomed Dr. Nichols to the "Wheelock succession" and gave him the little silver punch bowl which has become part of this quaint Dartmouth tradition. The day begun very soon after sunrise, when the special trains from Boston and New York arrived and their distinguished passengers climbed down from the shelves of the sleepers into the fresh morning air of the mountains. Already the line of guests to the breakfast room of the overtaxed college inn was formed; already hundreds of men were sunning themselves in front of the College hall.

The gowns and caps were hurrying to and fro on the great quadrangle. The first office of the day was morning prayer at 9.20 in the beautiful college chapel. At 9.30 the two bells overhead, swung by lusty student bellringers, set up a clanger which forbade conversation anywhere near the church. Gownsmen and degree-men, the scarlet of Oxford, the colored hords of various significance, the glittering uniforms and gowns of the women, added color to the picture every moment as the people came together.

YOU SHOULD FEAR BOWEL POISON.

Bowel poison means blood tainted by foul secretions absorbed from the bowels. Here are the symptoms:— If your skin is disfigured by eruptions, humors, pimples, blotches, sores or eczema; if you itch and burn and your skin is scaly and rough; if you feel tired and worn out, your nerves weak, constipated, cross and depressed; if your head feels heavy and aching, your eyes blur and specks float across your vision; if you have cold feet and your hands get sweaty and sticky;— if you have these danger signals they point unerringly to bowel poison, impure blood, and show that your stomach, liver and bowels are not working right. Smith's Pineapple and Butternut Pills quickly drive the Bowel Poison out of your system, will regulate your bowels, purify your blood, and invigorate your whole body. They are a sure and unfailing cure for bowel poison in young or old. Physicians use and recommend. They form no habit. You should always keep them on hand. These little Vegetable Pills will ward off many ills.

To Cure Constipation, Biliousness and Sick Headache in a Night, use

SMITH'S PINEAPPLE AND BUTTERNUT PILLS
FOR CONSTIPATION, BILIOUSNESS, SICK HEADACHE, COLIC, INDIGESTION, AND ALL AFFECTIONS OF THE STOMACH AND BOWELS.
60 PILLS IN GLASS VIAL 25c.—ALL DRUGGISTS.

Don't whip the bowels with a harsh cathartic. You can do just as much, and gently, with a candy Cascaret. Harsher physic makes the bowels hard, so you increase the dose. Cascarets leave the bowels normal, so one tablet is enough.

Business the Keynote.

Business was at once the keynote of this day, as austerity was the characterizing element of Harvard's inauguration last week.

Prof. John K. Lord conducted the chapel services, which were of utmost simplicity—merely a scriptural lesson and a prayer, Gounod's "Sanctus" in A sung by the college choir, with organ and orchestra, a hymn by the congregation.

Outside the two upper classes of the college, in caps and gowns, awaited in a column the forming of the procession to Webster hall for the inauguration, and with a band ahead led the great men across the sunny campus to its further border, coming back straight to Webster hall. The student escort opened their lines for the delegates to march through, then followed into the hall. Here the choir and orchestra already occupied the apse, the women and guests outside of the delegates the graceful balconies.

There was a reading desk at the edge of the low platform, and behind this a small square platform holding a chair and a table. The honorary degree-men, the governor and his staff and some others of the distinguished guests sat in a body on the right side of the platform, the faculty on the left and the rest of the delegates in the foremost seats in the body of the hall.

Ex-Pres. Elliot, Pres. Lowell and Pres. Butler were nearest the center of the front row.

Gen. Streeter sat just behind Dr. Elliot, and on the edge of the faculty group, conspicuous by his golden hood and tassel of the degree in science, as the new president of Dartmouth, and so briskly had affairs been conducted that the exercises began almost on time.

In the scarlet and gray of Oxford, Mr. Francis Brown, president of Union Theological seminary, came forward and made fervent invocation of the spirit of God to be with man and institution.

Inductive Ceremony.

Then up rose Gen. Streeter, bulky, dignified, self-assured, in his gown of master of arts. Dr. Nichols, bald young indeed, uncovered and faced the chairman of the trustees.

Gen. Streeter then spoke the words that inducted Dr. Nichols into the presidency of Dartmouth. When he finished applause loud, but restrained entirely to hand-clapping, broke out, and seemed as though it would never cease. As it finally died down Dr. Nichols said, very simply: "Sir, by your direction and by the presentation of this charter, I realize to the full that a time-honored and very sacred trust has passed into my hands. I accept it humbly and pray that God will grant me the strength, wisdom and courage to discharge the duties of my office honorably and well." And now came the applause which made what had gone before seem tame.

Dr. Nichols assumed his cap and took his seat on the small platform, henceforth the center of interest and the site, through the exercise of the head of the college.

Dr. Tucker, the greatly beloved, silver-haired but virile, came forward. The new president one more doffed his mortar-board, while the punch-bowl of the Wheelock succession was presented to him.

Again Pres. Nichols responded. He said: "Dr. Tucker, through as many years as may be given me to serve this college worthily I shall guard and cherish this symbol of 'The Wheelock Succession,' for the mighty hands through which it has passed, hands which have held high the flame of moral life, that none should grope in darkness, nor lose his way, nor run into any danger because of mental or moral ignorance, I shall cherish this symbol of 'The Wheelock Succession.' The more, sir, because it comes into my hands from you, whom I have known and loved as my chiefest."

Ceremony of Congratulation.
The congregation sang Milton's paraphrase of the 136th Psalm, and then came the curious ceremony of congratulating the new president.

First came Ambassador Bryce, who spoke in behalf of the English founders and benefactors of Dartmouth.

Gov. Quinnby, wearing the symbols of a doctor of laws, spoke for the state.

Pres. Nichols Murray Butler of Columbia spoke for the delegates, and Prof. Charles Darwin Adams for the faculty.

Hon. Horace Russell of New York spoke for the alumni, assuring Dr. Nichols of the confidence and support of all Dartmouth graduates.

For the undergraduates Clark Walworth Tobin '10 was the speaker.

And finally, still looking very youthful, very wholesome, very well balanced and thoroughly efficient, Dartmouth's new president rose to announce the key in which his administration is to be played.

The choir sang again a beautiful arrangement of "For the Strength of the Hills We Bless Thee."

Pres. Nichols there performed his first official act by conferring the following honorary degrees.

Honorary Degrees Conferred.

The following list of honorary degrees were conferred:

DOCTOR OF SCIENCE
Richard Cockburn MacLaurin, president of the Massachusetts Institute of Technology.

DOCTORS OF DIVINITY
Ozora Stearns Davis, president of Chicago Theological seminary.

John Martin Thomas president of Middlebury college.

DOCTORS OF LAW
Jacob Gould Schurman, president of Cornell university.

Charles Richard van Hise, president of the university of Wisconsin.

John Huston Finley, president of the college of the city of New York.

William Dwight Hyde, president of Bowdoin college.

Matthew Henry Buckham, president of the university of Vermont.

William Herbert Perry Fausch, president of Brown university.

Nicholas Murray Butler, president of Columbia university.

Woodrow Wilson, president of Princeton university.

Arthur Twining Hadley, president of Yale university.

Abbott Lawrence Lowell, president of Harvard university.

Charles William Eliot, president emeritus of Harvard university.

James Burrill Angell, ex-president of the university of Michigan.

Henry Brewer Quinnby, governor of New Hampshire.

William Jewett Tucker, ex-president of Dartmouth college.

And so, after the singing of "Men of Dartmouth" and a benediction spoken by Bishop Talbot of Pennsylvania, the gathering broke up and came out from the cool hall into the chilly sunshine for rest and inspection of the college buildings.

The programme of the day went on again at 4, when Pres. Nichols laid the corner stone of the new gymnasium, and ended at night with a dinner to the distinguished guests.

NEW HAMPSHIRE LIBRARIANS

Franklin, Oct. 15.—The New Hampshire library association met at the library building here Thursday.

The principal speaker was J. Randolph Coolidge, Jr., of Boston, a trustee of the Boston Athenaeum, and a member of the Massachusetts library club. He spoke on "Culture versus efficiency, from a librarian's standpoint."

This has been great football weather.

Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder, and not to a fault in the people's supposition.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

GOVERNMENT BY COMMISSION

(Continued from Page One)

found on which they could agree. They did not arrive at this right off, for some questions took weeks to be settled, but they were always settled in executive session and there was no wrangling. Having started with fixing the responsibility of the police and fire departments on their chiefs, they organized the school department by taking three from each ward, making a board of 15. This had worked fine. All, of course, were subject to the orders of the commission. Everything was let by contract, and to the lowest bidder. All bills were opened in public and read, and the lowest got it if they were responsible parties. The result was that there were the best builders in Massachusetts bidding on the work, something not noticeable in other cities, for the best builders keep away from city work, knowing that in most cases the bids are fixed in advance. The costs of the buildings were low as compared with other places. The building laws were revised, and in this matter the underwriters were called in and an agreement reached. The result was that the ten per cent. increase that was made on their insurance rate has been dropped and the old rate prevails. In building the school houses enough land was taken and everything provided for the future growth of the city, not to where it was when the fire struck it, but providing for a big increase over that. The streets were straightened out and new ones built and this at a cost to the city of only the assessed valuation of the land taken. The first bond issue of \$400,000 was at four per cent, and they were taken at a premium and the next issue, \$500,000, was at three and a half per cent, and these brought a premium, and these were being carried by the city at a less cost than a much less bonded debt of the old city.

Mr. McClintock then went into the details of how the cost of things were reduced and of finding as he termed it, business graft, especially in the buying of supplies, and these had been brought down so that the city from labor and every way was getting about a dollar's value out of every dollar expended. In his opinion the general run of men were honest, and it was the system that was to blame. Inspectors were told to make one ruling for everybody and backed up in this they made it. In response to a question he said that the commission were in charge of everything. That the water works were under another commission, but subject to their orders, and that the water works were at present self sustaining, even with the great cost of relaying mains and service pipes after the fire. The fact that meters were being installed added to the cost, but they figured that by the expenditure of \$50,000 for meters they could save \$20,000 a year in water, and this was being done. The streets, sewers and parks were under the city engineer, who carried the routine work and maintenance on his own responsibility, but all new work of any size was authorized by the commission. He explained the Massachusetts \$12 tax rate law and said that it was defeating the purpose it was intended for. The tax rate now, with all of the enormous expenses since the fire, when every building had to be rebuilt, shade trees taken down and thousands of other expenses, was now \$23.00 per thousand, and they figured that this was the highest that it would reach, and in four years time it would be back to \$18.00 per thousand.

At the conclusion of the address he was given a vote of thanks of the members.

GOVERNOR OF BAHAMAS

Spending Some Vacation Days in New Hampshire

Tilton, Oct. 15.—Col. F. M. Gray Wilson, a retired officer of the English army, has been a guest for a few days at F. B. Shedd's Bay Hill summer home, where his brother, Sir William Gray Wilson, governor of the Bahama Islands, has been a visitor for several days.

Col. Wilson was stationed in India for several years.

MISSOURI SEAMAN

Got Three Months for Throwing Cat Through Window

Boston, Oct. 15.—Three months in the house of correction is the penalty meted out to William Brownlow, a husky sailor on the U. S. S. Missouri, in the municipal court Thursday for

throwing a cat through a plate glass window in the liquor store of John Miller & Co., 303 Hanover street.

The sailor declared that he loved cats, and could not understand how he could have done such a thing, even though under the influence of liquor. The judge was skeptical about his love for felines and sentenced him accordingly.

STRATHAM

The Ladies of the Christian society are working for the success of the annual harvest supper which will take place at the town hall on Thursday evening, October 23. An able committee has been appointed and a pleasing entertainment is in preparation by local talent.

The union service Sunday evening will be held at the Middle church, with Rev. J. H. Mudge in charge.

A most enjoyable evening was spent at the moonlight dance last Wednesday evening. The hall was tastefully decorated with Japanese lanterns the stage being banked with green and autumn leaves which looked very pretty.

On Saturday evening, October 30, a Halloween or ghost party will be held at the hall, costumes to consist of sheet and pillow case. All participants are urgently requested to fall in with the spirit of the evening. Music will be furnished by the orchestra. This is the second of the series of six to be held for the benefit of the hall.

YORK

Dora, the baby daughter of Mr. and Mrs. William D. Moulton of Beach Ridge, is dead.

Mrs. A. H. Shedd has closed the Shaw Farm cottages and returned to her home in Boston.

Miss Melissa Langley has started for California where she will spend the winter.

John W. Freeman, the road commissioner, is travelling road between E. H. Todd's and J. W. Currier's house at Cape Neddick.

George Chase's horse, Dr. Ide, won first place in one of the Acton Fair races last week.

Mr. and Mrs. John G. Parsons and a party of friends from Portsmouth are enjoying an outing at the Beach.

Mr. John Cadwalader and family have returned to Philadelphia after spending the summer at York Harbor.

Last Friday Charles Noble, James L. Holland and Edward C. Moody, Jr., bagged a fine string of woodcock and partridge in the Brixham district.

Mr. William Wilson and Dwight Sewall bagged a small string of coots off the Nubble light last Saturday. They reported that a lot of birds are flying.

A. A. Talpey has a piece of cabbage of one thousand heads.

The Scotland grange is in a flourishing condition; nine new members crawled through the fence last Saturday night.

Invitations are out for a dance to

A NEW MEDICAL DISCOVERY

A chemist who became possessed of the conviction that the old method of taking internal remedies to cure skin diseases was erroneous, has, after painstaking investigation, discovered that an extract from a particular part of a well known tree possessed superior antiseptic and curative properties, and exerted a wonderful beneficial effect on the skin tissues. It was, however, found that this valuable vegetable extract possessing such desirable qualities was difficult to compound with other ingredients necessary to present it in a form convenient to use. After further investigations and experiments a method of special treatment was devised by which this seemingly insurmountable difficulty was overcome, resulting in a unique combination of ingredients possessing to a marked degree valuable therapeutic properties, the use of which has never before been produced. This important product is known as Cadum, and is now offered to the public at a price which brings it within the reach of even the very poor. Since its recent introduction Cadum has cured numerous cases of chronic eczema, and many other unsightly, irritating, and distressing skin troubles, and this after other treatments have signally failed. Cadum stops the terrible itching of eczema at once, and begins the healing process with the first application. Its action is still more remarkable in less serious skin troubles, such as rash, pimples, blotches, scaly skin, sores, itching piles, eruptions, claps, inge, scaly skin, dandruffs, scabs, etc. Surprising results are often obtained by an overnight treatment. Many of the cures effected by Cadum may be truly described as remarkable. It is an antiseptic that destroys disease producing germs, allays inflammation, and exerts a wonderful soothing and healing influence on the skin tissues. Cadum is sold at 10c and 25c a box, by all druggists.

CITY BRIEFS

The football team of the High school had practice at the Plains on Thursday afternoon.

The Christian Shore club had a dancing party at Freeman's hall on Thursday evening.

There was only one extra coal train to Manchester on Thursday. This is small for this time.

A passenger on the Bar Harbor express refused to pay his fare last night; did so in this city after being threatened with arrest.

The big fight of the year comes off tomorrow at San Francisco. It will be the manager of Ketchell, doesn't have the fight called off, as he did in the Ketchell-Langford fight.

be held by the operators of the York Telephone exchange next Saturday evening. All fortunate enough to receive one of these invitations should not fail to attend.

Mr. Granville Webber left Tuesday for Brunswick, Me., where he will spend a few days after which he will go to Auburn to visit his sister, Mrs. John B. Staples, and then to Lewiston to see his sister, Nora, at Bates college.

Dr. Edward C. Cook went to Biddeford Thursday to attend the meeting of the York Medical association. He reads a paper before the Association on Infant Feeding. Last year Dr. Cook took a special course at Harvard upon this subject.

Miss Collie Webber has been spending a few days the past week with her parents, Mr. and Mrs. David Webber at York Village. Miss Webber has recently come from Lewiston where she has been visiting her sister Nora who is a student at Bates college.

E. Raymond Brewster has a contract to build a large dwelling house which will be built on the new road from the Village to the Beach. Work has been begun on the same.

The Sabbath School Rally at the Congregational church will be held Sunday, Oct. 17, when interesting exercises will be given and the Sabbath school will start afresh on its year's work.

Mr. John F. Sanford's parents came this week from Lewiston to York Beach where they will occupy a house given to Mrs. Sanford by her brother, Mr. Webster.

Mr. A. C. Peterson of Montrose, Iowa, who recently visited Mr. and Mrs. J. A. Farish of Brixham has returned to Billings, Mont., where he has a government position.

There is prospect of a good local basketball team being formed in town, if satisfactory arrangements can be made for the use of the town hall.

On October 22 a play and sociable will be given at the York High school by the senior class as a class benefit. There will be a play the cast of which will be filled by students of the school. After the play games will be indulged in and a general entertainment provided for all. This is the first sociable of the year and bids fair to be a success as the pupils are putting forth considerable energy in its preparation.

On Tuesday, October 12, Miss Lucy A. Dons of Sanford was united in marriage to William Fernald Putnam of York Harbor. Both of the young people are well known in York. Miss Dons is the daughter of Mr. and Mrs. James E. Dons but has lived in York for the past year. Mr. Putnam is the son of Mr. and Mrs. William S. Putnam of York Harbor. The ceremony was performed in St. Johnsbury, Vt. After a short wedding trip the young couple will return to York Harbor where they will reside.

OGUNQUIT

Mrs. Faunle Ramsdell is visiting her brother, J. E. Hutchins.

Miss Julia Hutchins returned to her studies at Cambridge Wednesday.

Mr. William Mayo and family have gone to Milo for the winter months as Mr. Mayo has employment in the lumber camps there.

On Thursday of last week occurred the death of Miss May Marsh from diphtheria. She was a young lady of sterling character and one who will much missed. Mrs. Marsh is ill with the same disease at this time.

Rally Day was observed Sunday the 10th at the Christian church. Rev. N. T. Ridlon a former pastor of this church preached in the morning and Mrs. Ridlon gave a short talk to the Sunday School. There were other special features on the program which were interesting and profitable. A roll call of the church was held in the evening. Mr. and Mrs. Ridlon are much beloved by all the people here and it certainly was a pleasure to listen to this aged ministry. He preached his second sermon from this pulpit.

CITY BRIEFS

Philbrick for Electrical work.
 Nothing in police court circles today.
 "The Third Degree" at Music Hall this evening.
 Buy your Sunday dinner at Smart's Market; prices always the lowest.
 Again there is talk of organizing a new city band.
 There was a nice rain for a couple of hours last night.
 There will be plenty of good music at the K. of P. bazaar.
 Fifty-six degrees above zero at two o'clock this afternoon.
 Smoke the Warwick 10c cigar, Ed. Brown manufacturer, 35 Market St.
 The shade trees are beginning to look lonesome.
 Raymond A. Philbrick, Electrician and Locksmith, 26 Congress street.
 The screen door is being put away for next season.
 Have your shoes repaired at Joan Mott's, corner Fleet and Porter Sts.
 Locks repaired and Keys fitted. Philbrick, No. 5 Congress street.
 Judge Chamberlain is assigned to the superior court which opens here this month.
 A star attraction, "The Third Degree," at Music Hall this evening.
 There is certainly some choice rumors of scandal floating in the gossip camp.
 Some elegant specimens of fancy work have been donated for the K. of P. bazaar.
 It looks as if the water board will not extend the city lines to New Castle at this time.
 Save money by buying your meat, fish and provisions at Smart's Market. Game in its season.
 If there is anything going in the way of live local news, you are sure to find it in the Herald.
 Again the prospect for the Boston and Maine railroad improvements begin to brighten a little.
 By the lettering on the winter cars of the local street railway the Christ the Shore title will stay a while longer.
 Foresters public whist party and dance, Rockabite hall, Friday evening, Oct. 16. Tickets twenty-five cents.
 Special price for Saturday only, on lamb, 8 1/2c per pound. Smart's Market, corner Deer and Vaughan streets.

METHODIST SPECIAL SERVICES

There will be a series of special evening meetings in the Portsmouth Methodist church next Monday night, and continuing each evening at the same hour.
 A preparatory service will be conducted on Sunday evening by the pastor, Rev. George W. Farmer.
 The preachers at the special services will be:
 Monday night, Rev. Edward Hislop, Lawrence, Mass.
 Tuesday, Rev. D. B. Dow, Rochester.
 Wednesday, Rev. W. P. Stanley, pastor of Middle Street church, Portsmouth.
 Thursday, Rev. G. G. Williams, Greenland.
 Friday, Rev. R. H. Huse, Exeter.

THE HERALD HEARS

That George W. Damon of Kittery who was badly hurt a week ago last Sunday at the Portsmouth and Kittery bridge draw accident, is still unable to return to work.
 That the "Star Spangled Banner" by the battleship band at the navy yard morning and night sounds good.
 That the high price of butter is sending up the sales of oleomargarine in this section.
 That the handsome cement residence being built for Deputy Collector George A. Wood of the internal revenue department on the corner of Union and South streets, is attracting lots of favorable attention.
 That carpenters are getting good wages in this city, one firm paying \$3 a day for rush work.
 That the memorial fence that will be put up around the North church will make a great improvement in the appearance of the property.
 That the Unitarians will give their minister, Rev. Alfred Gooding, a very hearty reception next Wednesday evening, and that all of that denomination will attend services next Sunday, the 24th anniversary of his parish work.
 That Kittery is badly in need of a larger and more fitting schoolhouse to take the place of the Westworth school building.
 That the management of the Portsmouth public library is very satisfactory to patrons.
 That the storekeepers are sending in orders for their Christmas goods.
 That F. Edgar Norris, a Boston architect in charge of several pieces of work in this city, thinks Portsmouth one of the most delightful places that he has ever visited.
 That Mr. William Dean Howells, who was here this week, appeared in first class health, after his journey to Carlsbad.
 That men who have long urged the building of a Piscataqua dam, like O. L. Frisbee, Col. John Pender, Ernest Holmes, and so many other planners of the idea, are much encouraged at the outlook for the scheme.
 That Kittery is hoping the Rockingham light and power company will not long delay the cable across the river for the supply of lights for the town.
 That parents are hoping that diphtheria will be kept out of the schools this winter.
 That Leon Farrish of Kittery has raised some prize potatoes upon his farm this year that have been sold for the highest prices.

AT NAVY YARD**Transfer Boatswain to the Iowa****New Clerk in Office of Constructor****Examinations for Boatswain and Warrant Machinist****Called Electricians Go to Former Equipment Department**

Working in the Former Equipment
 The twelve wiremen called a few days ago for duty have all been assigned to work in the former equipment department.

Loading the Collier
 Tomorrow the collier Marcellus will take on two hundred tons of coal in preparation for sailing orders.

Official Notice Delayed
 Nothing relative to the acquittal of the four members of the Nezinecot crew has yet been received by the yard officials.

New Clerk Reports for Duty
 Edward Baker of Everett, Mass., has been appointed stenographer in the office of the manufacturing department to fill the vacancy existing for the past two months by the transfer of Clerk H. M. Varrill to Washington.

Now on the New Hampshire
 Machinist F. N. Joly, a former member of the ill fated tug Nezinecot is now attached to the engineer's division of the U. S. S. New Hampshire.

Ordered to Iowa
 Boatswain Edward Hosinger, recently transferred to this station from Guantanamo has been detached and ordered to the U. S. S. Iowa.

A Little Slow on the Job
 The Baltimore Bridge Company, was several weeks ago awarded the contract to put a new roof on the cooling plant have not as yet begun the same.

New Rooms for the Band
 The naval band attached to the yard has taken the rooms on Daniel street in the Badger block formerly occupied by Bandmaster R. L. Reinwald, which will be its headquarters while on this side of the river.

Enmity on the "Yeast Cake"
 The absence of the regular officers of the workmen's boat "Yeast Cake" has brought out much animosity among the crew in the fight for positions which carry the stripes. The opinion of the crew is that the new navigator should blow away a nautical school.

About the Naval Band
 Bandmaster Devine, who lately became head of the naval band at this station, appears to take hold of his new duty in a way that meets the hearty approval of the company of musicians in his command. Already the yard officials have noticed his good work with the station band and it is the opinion of those who have listened to the selections of late that the new director is the right man in the right place.

Board of Examination
 A board consisting of officers from the ships and the yard met today for the examination of five candidates for boatswain and warrant machinist.

Captain Winslow at Newport
 Capt. Cameron McRae Winslow of the U. S. S. New Hampshire is spending a few days with his family at Newport, R. I.

NEW STORE TO BE OPENED
 John L. Root, for the past three years clerk at the gentlemen's furnishing store of Joseph F. Berry, resigned his position on Thursday and at once began preparations for the opening of a new store under the firm name of Root and Thomson on Market street.
 The new business house will be

strictly up to date with its line of gent's goods and will branch out in a store that will be a credit to the city.

MAINE NEWSPAPER MEN**Automobile Party of Them Made a Trip to Portsmouth**

A party of Maine daily newspaper publishers was in Portsmouth on Thursday on an automobile trip. The members of the party were:
 C. H. Prescott, Biddeford Journal.
 W. A. Pidgeon, Lewiston Journal.
 William H. Dow, Portland Express.

M. R. Harrigan, Bangor Commercial.
 F. S. Morton, Portland Advertiser.
 G. W. Wood, Lewiston Journal.
 William B. Reed, Bangor News.
 Charles F. Flynt, Augusta Journal.
 They dined at the Rockingham hotel and took in the sights of the town.

ATTENDED THE FESTIVAL

Portsmouth People State That the Performance at Portland Was Grand.

Mrs. W. P. Gray, Mrs. O. W. Priest and Miss Maud Simpson have returned from Portland where they attended the performances of the Maine Musical Festival in which Miss Geraldine Farrar of Melrose was one of the star vocalists.

The Portsmouth delegation report the whole affair as something grand in the musical line.

FUNERAL OF MRS. JOSE

The funeral of Mrs. Anna M. Jose was held at two o'clock this afternoon at the home on Vaughan street, attended by Rev. George W. Farmer.
 Burial was in Orchard Grove cemetery, under direction of O. W. Ham.

FORMAL DEMAND**For the Three Marines Who "Shot up" the City**

Today the city of Portsmouth made a formal demand through City Solicitor G. E. Corey on the government for the release of the three members of the marine corps, who were engaged in the wild west shooting in this city on Saturday night last.
 The writs were placed in the hands of the commandant, Capt. Frank A. Wilner who, in turn, will forward the same to the department of justice and the secretary of navy for action in the matter.
 There is much indignation on the part of the citizens relative to the matter and the authorities are anxious to clear the scrape up one way or the other.

WORK FOR OUR HARBOR**Masters, Mate and Pilots Doing Some Good Service**

Portsmouth harbor committee of Piscataqua Harbor, No. 83, for Maine will soon consult Mr. Mitchell and Representative Bartlett and Congressman Allen on the needs of Portsmouth Harbor.
 They will make the trip to Alfred in Captain Hoyt's automobile.
 The committee for New Hampshire will have a conference with Congressman Sulloway on the needs of Portsmouth Harbor as soon as Col. Zinn reports on the proposed dam.
 The committee from Maine are Capt. T. B. Hoyt, George Wasson and E. R. Carrier; from New Hampshire O. L. Frisbee, C. W. Gray and Ernest Holmes.
 Capt. J. H. Pruett will visit Piscataqua Harbor, No. 83, before he resigns from the presidency of the National association of Masters, Mates and Pilots in January, 1910.
 Capt. Pruett has been a good friend of Portsmouth Harbor and is assured royal welcome from members of Piscataqua Harbor, No. 83, and the citizens along the banks of the Piscataqua.
 Capt. C. H. Ham, secretary of Casco Harbor, No. 75, has several signatures and all the steamboat men at Portland and other marine men for a lighthouse on Duck Island, Casco Harbor, No. 75, has endorsed the light, also, the petition that was sent to Portland by Piscataqua Harbor, No. 83.

A HAYES PEPPER

C. Hiram Hayes raised a pepper 15 1/2 inches in circumference and has it in the exhibit at Cater & Benfield's. This is half an inch larger than the one featured in Eastern Post as the biggest pepper ever grown. He says that Hayes farm has 32 varieties of vegetables in the window and asserts that the display cannot be equaled in this vicinity.

Carefully screened—uniform in size—best heating coal we can find.
 To top it off: prompt delivery is a hobby of ours.
 Let us add your photo to our gallery of pleased customers.

C. E. WALKER & CO.
Cor. State & Water Sts.**The Autopiano for United States Flagship Chicago.**

Permit me to express my endorsement of the wonderful Autopiano purchased from you some time ago. The tone and durability are most commendable. The interior player is almost human in its touch, and very simple to operate, and enables any of the men who are unable to play manually, to render the most difficult compositions in an artistic manner.
 I cannot speak too highly of the really wonderful and artistic AUTOPIANO, and to my mind it far surpasses any other similar instrument.

Arthur W. Stone,
Chaplain U. S. N.

Sole Agency for AUTOPIANOS

H. P. Montgomery's

6 Pleasant Street. Opp. Postoffice

Corner Deer and Vaughan Streets.

WINDOW GLASS

Single and Double Thick; all sizes from 6x8 to 40x48, American and French.

A. P. WENDELL & CO'S

2 Market Square.

LAWRENCE

THE CONGRESS ST. TAILOR.

A Concrete

building is a permanent investment because it defies the hand of time. It is frost and moisture proof, cannot burn or attract heat, and requires not paint lathing or repairs. The first cost is the only cost, once erected it lasts forever.

C. D. HANSCOM, 9 Congress St.
